SUMMARY :

- Full-stack MERN developer with hands-on experience building and deploying scalable web applications using React.js, Node.js, and MongoDB. Strong understanding of REST API development, JWT authentication, and responsive UI design.
- Passionate about solving real-world problems and continuously improving through practical development and collaboration.

EDUCATION :

Dr.A.P.J.Abdul Kalam Technical University, LUCKNOW

B.Tech - Computer Science & Engineering

TECHNICAL SKILLS :

Languages : JavaScript, HTML, CSS

Frontend : React.js, Next.js, Tailwind CSS

Backend : Node.js, Express.js

Database : MongoDB, Appwrite

Tools : Git, GitHub, VS Code, IntelliJ IDEA

Concepts : REST APIs, JWT Authentication, CRUD Operations

CAREER OBJECTIVE :

A hardworking and motivated Developer with a strong eagerness to learn new skills and grow professionally. Adaptable, quick to grasp new concepts, and committed to delivering results through continuous improvement. Seeking opportunities to contribute, gain hands-on experience, and develop both technical and interpersonal skills.

PROJECTS

Blogging Platform (MERN Stack)

<https://blog-smith-nu.vercel.app/>

- Built and deployed a full-stack blogging platform using MongoDB, Express.js, React.js, and Node.js
- Designed and implemented RESTful APIs for CRUD operations, improving data handling efficiency
- Integrated secure JWT-based authentication system for user login and authorization
- Developed a responsive UI using Tailwind CSS, enhancing user experience across devices
- Deployed application on Vercel for production access

Quiz Application (React + JavaScript)

- Developed an interactive quiz application with dynamic question rendering and real-time score tracking
- Implemented state management for efficient user interaction and performance optimization
- Designed responsive and user-friendly interface to improve engagement and usability

ACHIEVEMENTS

- Built real-world full-stack projects including blogging platform, quiz system, and authentication app
- Gained hands-on experience in MERN stack, REST API development, and secure authentication systems
- Participated in hackathons and improved problem-solving and development skills

Hobbies :

Badminton, Participation in hackathon ,Travelling ,Coding,
